

Hi Terry

You may recall that on the 6th Feb 2018 you sent us an e-mail concerning the above document suggesting it could be deposited in the County Records Office. This has now been done and they have allocated a reference of DE 9810 which would be needed for anybody who wanted to view it. The contact person is Robin Jenkins who is the Senior Archivist (Collections). The document has been placed in the Records Office on an Indefinite Loan basis. It can be accessed and removed with appropriate notice.

Best regards
